**TECHNICAL BULLETIN TB-166**

**ADDITIONAL KEYBOARD LEGEND SETS**

In addition to American or US (English) legend set, StacoSwitch is now offering the following legend sets that could be substituted on any of the StacoSwitch MET keyboards. The following legend sets described in table below of each language refers to the standard legends in that particular language. If other than standard legend set in a particular language is required, refer to the standard reference code of that particular language with an additional designator described in parenthesis [e.g. German (Flemish)].

**Available Keyboard Legend Sets**

Keyboard Legend Set	Reference Code
French (Standard)	-A
French (Canadian)	-B
German	-C
Norwegian	-D
New Zealand	-E
Japanese	-F
Spanish (Mexico)	-G
Italian	-H
English (United Kingdom)	-J
Swedish	-K
Danish	-M
Greek	-N
Polish	-P
Russian	-R
Chinese	-S
Mandarin	-T
Hebrew	-U

**Legend Set Ordering Instructions**

Example #1: To order a 61 Key Enclosed Lighted Keyboard with Standard Norwegian Legend Set, you would order the following part numbering combination and designation.

Start with **M752116**: Standard Part Number for the 61 Key Enclosed PS/2 Keyboard with the Standard US/English Legend Set.

Follow it with “**-D**”: Reference Code for the Standard Norwegian Keyboard Legend Set.

Rev.	Rel. ER	Date
NC	02-39136	2-09-05

Sheet	of
1	2

Therefore, the required Part Number for the subject 61 Key Enclosed PS/2 keyboard with the Standard Norwegian Legend Set is: **M752116-D**.

**Example #2:** To order a 61 Key Enclosed Lighted Keyboard with German (Dutch) Legend Set, you should order the following part numbering combination and designation:

Start with **M752116**: Standard Part Number for the 61 Key Enclosed PS/2 Keyboard with the Standard US/English Legend Set.

Follow it with “**-C**”: Reference Code for the Standard German Keyboard Legend Set.

Follow it with “**(Dutch)**”: Designating the Dutch Legend Sets of that language.

Therefore, the required Part Number for the subject 61 Key Enclosed PS/2 keyboard with Dutch German Legend Set is: **M752116-C(Dutch)**.
