USB Charger

Lighted or Unlighted Compact 2 USB Ports

Staco Systems is a manufacturer of Human-Machine Interface solutions supplying the defense, aerospace, naval and ground vehicle industries for over 60 years.

Our expertise in custom sub-assemblies combined with the growing demand for off-the-shelf USB charging solutions - to fulfill modernization and retrofit programs - led us to design a standalone and self-contained charging unit meeting the required MIL-STDs.

Staco Systems can also engineer other custom power supply configurations. Contact us at sales@stacosystems.com

P/N 55410-4544-XXX Configuration:

1. Choose your Lightplate:

CLASS 1 (37038, Black)

X X = 1 U Un-illuminated
X X = 1 W White (Class 1-W)
X X = 1 N NVIS Green A (Class 1-NVIS)

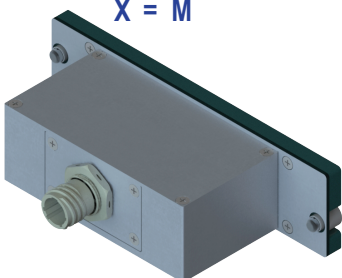

CLASS 2 (36231, Grey)

X X = 2 U Un-illuminated
X X = 2 W White (Class 2-W)

2. Choose your Connector:

MILITARY

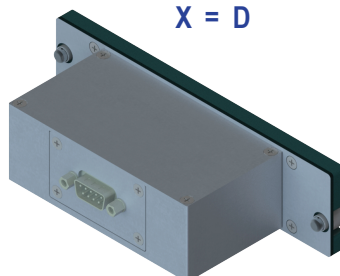

X = M

D38999/24 TYPE

D SUB

X = D

M24308/3 TYPE

Technical Specifications:

Output	24W (12W per port)
Input	28Vdc
Envelope D38999/24	5.75" x 1.5" x 3.12"
Envelope M24308/3	5.75" x 1.5" x 2.53"
Weight	.6 lbs (.27Kg)

Contact us if you have dimension, connector or illumination requirements not listed in this data sheet.
